BLIND DATE WITH A SORA EBOOK!

Not only is it a New Year, but this month's astrology delivers a planetary event that has only happened once since the 18th century! January begins in the midst of Capricorn season, which only fuels your desire to get organized and set yourself up for success in 2024. Once Aquarius season begins on January 20, you'll be ready to invite more curiosity back into your life and prioritize plans with friends.
